

DISTRIBUTION OF BENECO NEWSLETTER and other PRINTED MATTERS

POLICY 8 - 8

PURPOSE: To provide systematic and effective distribution of the BENECO newsletter and other printed matters to the cooperative membership.

INTRODUCTION:

The Board considers it important that all printed matters/newsletters intended for circulation should systematically be distributed to member-consumers in order to be useful as effective management information tool.

POLICIES:

1. Member-consumers should be provided copies first before any other establishments or offices.
2. All designated places where payments of bills are being received should be provided with newsletter and other printed matters intended for circulation.
3. Personnel in these designated places should give one copy only to each member-consumer in addition to receiving payments from them.
4. Extra copies may be provided to selected business offices in order to minimize wasteful use of cooperative resources.

IMPLEMENTATION:

The General Manager shall be responsible for the effective and systematic implementation of this policy.
