POLICY _____

SUBJECT : PECUNIARY BENEFITS/INCENTIVES FOR EMPLOYEES.

OBJECTIVE : To provide motivation to continuously maintain the employees' high morale, efficiency and effectiveness and thus continuously improve too, the delivery of BENECO services.

INTRODUCTION: Motivation is an effective tool of management in maintaining and improving employees' efficiency and effectiveness. Motivation comes in many forms. It can be a pat on the back in recognition of a job well done, certificates of recognition, letters of commendation, plaque of appreciation and their ilk. It may also come in the form of pecuniary benefits. Both types are effective, depending on the situation they are applied in.

With the economic condition now obtaining, the grant of pecuniary benefits/incentives to the employees is the most effective form of motivation in that this will help them cope with the existing economic realities.

Over the past three years, the BENECO has been gaining great headway in all its objectives. Much of this accomplishments must be attributed to the employees' collective performance which has been improving continuously.

POLICY : It shall be the policy of the Cooperative to grant the following monetary incentives to employees:

1. MID-YEAR BONUS to all employees of not less than P3,000.00 but not to exceed P5,000.00.
 - a. All employees who have served for a period of at least one (1) year prior to the release of the bonus are entitled to the full amount.
 - b. Employees who have served for less than one (1) year prior to the release of the bonus are also entitled, provided however, that the following formula shall be applied in determining the amount they are entitled to:

FULL BOUNS

$$\frac{12}{12} \times \text{No. of mos. served} = \text{Bonus}$$

2. YEAR-END BONUS equivalent to one (1) month salary per employee who have served for a period of at least one (1) year prior to the release of the bonus.

Employees who have not yet served for one (1) are also entitled provided the same formula as in Item 1.b shall be applied.

3. The Mid-year Bonus shall be distributed not later than May 30 of each year while the Year-end bonus shall be distributed on or before December 20 of each year.
4. The management shall take measures to save up funds purposely for the effective implementation of this policy.

IMPLEMENTATION:

The General Manager shall be responsible for the implementation of this policy subject to the financial capability of the Co-op.

This policy shall take effect upon the approval of the BENECO Project Supervisor.

R E : REQUEST FOR THE GRANTING OF MID-YEAR BONUS

*Can Verzosa -

to NEA.
4/7/93*

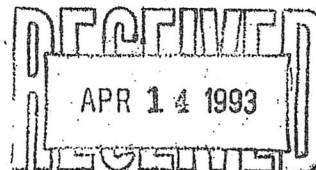

As manifested by the attached, BENECO has indeed improved a lot in terms of collection efficiency, systems loss and the performance of attaining the objective of providing good quality service.

In this connection, management is hereby requesting from your good office to grant us a mid-year performance incentive bonus in recognition of the employees' collective effort in supporting the management to once again uplift BENECO to where it once belonged. The granting of the bonus will not prejudice the payment of NEA loan amortizations considering that a sinking fund has now reserved P 4 MILLION for this purpose. This sinking fund will reserve P 6 MILLION by May, 1993.

Management is recommending appropriation of P 1 MILLION for the performance bonus to be divided equally among the regular employees and to be released this coming May 1993.

Thank you very much, Sir, for your continued support to BENECO.

The Policy Development Committee, in its meeting held on 05 February 1999, discussed with great interest the proposed policy regarding the BENEFITS/INCENTIVES FOR EMPLOYEES.

The Committee completely agrees with the objective that in order to maintain the employees high morale, efficiency, effectiveness and loyalty, certain benefits/incentives may be granted over and above those required by our labor standard laws. Monetary incentives are appropriate at this time of economic crises.

However, it has to be impressed upon the beneficiaries that this package of incentive is a form of gratuity or an act of liberality on the part of the cooperative which is dependent on its viability.

The Committee recommends the following:

1. That a resolution be introduced by the Board to institutionalize the granting of:
 - a. YEAR-END BONUS of 14th MONTH PAY with the corresponding computation and formula attendant thereto as recommended by management.
 - b. GROCERY ALLOWANCE in the amount of P5,000 annually* to all regular employees/officers.
2. That we defer action on the grant of the proposed MID-YEAR EDUCATIONAL ASSISTANCE and 15th MONTH PAY for management and staff to come up with a justification for the same.
3. That management come up with a list of all benefits/incentives provided for by the cooperative to employees and compute to the maximum in peso value the benefits due an employee. This would give the Board a bird's eye view of the whole benefit/incentive package from which the Board may come up with an improved incentive package.

Further, to avoid the impression that the Committee is treating the subject on a piecemeal consideration, the Committee on the other hand would like to consolidate and incorporate in a single policy all the benefits/incentives due the employees.

SUBJECT : BENEFITS/INCENTIVES FOR EMPLOYEES

Please be informed that the Board, in its meeting on February 6, 1999, approved to institutionalize the 14th month pay and the P5,000.00 annual grocery allowance for all employees. This means that management does have to seek Board approval prior to the release of these benefits.

The Mid-year Educational Assistance and the 15th month pay are subject to further study by the Policy Development Committee.

For your proper guidance.

RESOLUTION No. 19-99

ENACTING A POLICY INSTITUTIONALIZING

WHEREAS, the management proposed for the enactment of a
policy on employees' benefits and incentives,
to wit:

SUBJECT: BENEFITS/INCENTIVES for EMPLOYEES

OBJECTIVE:

To provide motivation to continuously maintain
the employees' high morale, efficiency and
effectiveness and thus continuously improve
the delivery of BENECO services.

INTRODUCTION:

Motivation is an effective tool of management
in maintaining and improving employees'
efficiency and effectiveness. Motivation comes
in many forms. It can be put on the back in
recognition of a job well-done, certificate of
recognition, letters of commendation, plaque
or appreciation, etc. It can also come in the
form of pecuniary benefits. Both types are
effective depending on the situation they are
applied in..

With the economic condition we are now in, the
grant of pecuniary benefits/incentives to the
employees is the most effective form of
motivation in that this will help them cope
with the existing economic realities.

POLICIES:

it shall be the policy of the cooperative to grant the following monetary incentives to employees:

1. MID-YEAR EDUCATIONAL ASSISTANCE

(minimum of P3,000.00,

maximum of P6,000.00)

a. all regular employees who have served for a period of one (1) year prior to the release of the bonus are entitled to the full amount.

b. regular employees who have served for less than one year prior to the release of the bonus are also entitled, provided, that the following formula is applied in determining the amount they are entitled to:

FULL BONUS

$$\frac{\text{FULL BONUS}}{12 \text{ months}} \times \text{no. of months served} = \text{BONUS}$$

2. YEAR-END BONUS or 14th MONTH PAY equivalent to one (1) month salary per regular employee who has served for a period of one (1) year prior to the release of the bonus.

Regular employees who have served for a period of less than one year are also entitled provided the same formula as in Item 1-B shall be applied.

3. 15th MONTH PAY equivalent to one (1) month salary per regular employee who has served for a period of one (1) year prior the release of the bonus.

Regular employees who have served for a period of less than one year are also entitled provided the same formula as in Item 1-B shall be applied.

4. GROCERY ALLOWANCE in the amount of P5,000.00 to all regular employees.

5. The MID-YEAR EDUCATIONAL ASSISTANCE shall be distributed not later than May 30 of each year; the YEAR-END BONUS or 14th MONTH PAY on or before December 20 of each year; the GROCERY ALLOWANCE on or before December 5 of each year.

6. The management shall take measures to save up funds purposely for the effective implementation of this policy.

IMPLEMENTATION:

The General manager shall be responsible for the implementation of this policy.

EFFECTIVITY:

This policy shall take effect upon approval of the Board.

WHEREAS, the above proposed policy was referred to the Board's Policy Development Committee for evaluation:

WHEREAS, in its report submitted during this date's meeting of the Board, the Policy Development Committee said that it "completely agrees with the objective that in order to maintain the employees high morale, efficiency, effectiveness and loyalty, certain benefits/incentives may be granted over and above those required by our labor standard laws; monetary incentives are appropriate at this time of economic crises; however, it has to be impressed upon the beneficiaries that this package of incentive is a form of gratuity or an act of liberality on the part of the cooperative which is dependent on its viability".;

WHEREAS, in effect, the Committee is recommending:

1. That a resolution be introduced by the Board to institutionalize the granting of (a) YEAR-END BONUS with the corresponding computation and formula attendant thereto as recommended by management; and, (b) GROCERY ALLOWANCE in the amount of P5,000.00 annually to all regular employees/officers.
2. That we defer action on the grant of the proposed MID-YEAR EDUCATIONAL ASSISTANCE and the 15th MONTH PAY for management and staff to come up with a justification for the same.
3. Further, to avoid the impression that the Committee is treating the subject on a piecemeal consideration, the committee on the other hand would like to consolidate and incorporate in a single policy all the benefits/incentives due the employees.
