

MEDICAL BENEFIT

POLICY No. 03-2011, as amended

PURPOSE:

To establish a policy granting medical benefit to cover medical and health care needs of all regular employees and officers of the Cooperative.

INTRODUCTION:

The employees and officers of the cooperative are exposed to hazards every day as they perform their duties be it in the field or in the office. The extension of medical benefit to employees and officers of the cooperative is a healthy sign of sound management.

To maintain the good health and physical condition of the workers, the Cooperative deems it necessary to increase the medical benefit considering that the cost of medical and health care needs has tremendously increased and prohibitive.

POLICY:

The Benguet Electric Cooperative, Inc. (BENECO) shall continue to provide Medical Benefit to its employees and officers in the amount of Ten Thousand (Php10,000.00) Pesos to be released every last Friday of January of each year .

Implementing Rules and Regulations:

1. To be entitled to the full amount of the Medical Benefit, the employee or officer must be of regular status while the Board of Directors must be a sitting member of the Board of Directors at the time of the release.
2. Those who will be regularized after the release of the benefit shall be entitled to the benefit after receipt of their regular appointment.
3. To be considered as "de minimis" benefit and non-taxable, the following conditions must concur:
 - a. The amount given to the employee must be actually spent for medical reasons for the year;
 - b. The employee must fully substantiate the same with official receipts in his name to be submitted on or before December 31 for each year.

MEDICAL BENEFIT

POLICY No. 03-2011, as amended

This benefit shall be subject to the financial capability of the cooperative. In the event that the financial status of the cooperative becomes unfavorable, the said Medical Benefit shall be deferred and may be given in the following year when the financial status of the cooperative shall have improved.

This policy shall amend Policy No. 3-10 and Policy 3-2011 all other previous memorandum and guidelines, inconsistent to the provisions of this policy.

IMPLEMENTATION:

The General Manager is responsible in the implementation of the policy.

EFFECTIVITY:

This policy shall take effect upon the approval of the Board of Directors.

TITLE: PREVENTION AND CONTROL OF TUBERCULOSIS

PURPOSE: To establish a policy and program for the prevention and control of tuberculosis (TB) in the cooperative.

INTRODUCTION:

Pursuant to Department Order No. 73-05 of the Department of Labor and Employment (DOLE), it shall be mandatory for all private establishments, workplaces and worksites to formulate and implement a TB prevention and control policy and program. The workplace policy and program shall be made an integral part of the enterprise's occupational safety and health and other related workplace programs.

POLICIES:

1. A workplace health and safety committee shall be responsible for overseeing the implementation of the prevention and control of tuberculosis policy and program of the cooperative.
2. Tuberculosis awareness program shall be undertaken through information dissemination to all employees of the cooperative dealing with the nature, frequency, transmission, treatment, control and management of TB in the workplace, to include information on good nutrition, adequate rest, avoidance of tobacco and alcohol, and good personal hygiene practices. However, it should be underscored that the intensive efforts in the prevention of the spread of the disease must be geared towards accurate information on its etiology and complete treatment of cases.
3. Self-learning information materials about TB such as brochures, booklets, flyers or tapes shall be provided by the cooperative and be made available and accessible to the employees.
4. Capability building on TB awareness raising and training on TB case finding, case holding, reporting and recording of cases and implementation of the Directly Observed Treatment Short Course (DOTS) shall be given to the cooperative's nurse or the occupational safety and health committee.
5. Employees who have symptoms of TB shall seek immediate assistance from the cooperative's health service provider. Once diagnosed, they shall avail of the DOTS and adhere to the prescribed course of treatment.
6. Employees who have or had TB shall not be discriminated against. He shall be supported with adequate diagnosis and treatment and shall be entitled to work for as long as they are certified by the cooperative's accredited health provider as medically fit and shall be restored to work as soon as their illness is controlled. The worker may be allowed to return to work with reasonable working arrangements as determined by the company health care provider and/or the DOTS provider.
7. Funds for the TB education and information program shall be incorporated in the annual budget of the cooperative to ensure the success of the program.

IMPLEMENTATION:

The General Manager is responsible in the implementation of this policy.

EFFECTIVITY:

This policy shall take effect upon the approval of the Board of Directors,
