

MEMBERSHIP CERTIFICATES

POLICY 8-1

PURPOSE:

To establish a policy on replacement of lost, destroyed, and/or mutilated membership certificates.

INTRODUCTION:

Following Section 2, Article 1 of the BENECO By-laws, membership in the cooperative is evidenced by a membership certificate following compliance with certain requirements.

There are, however, instances where such membership certificates issued to bonafide members are either lost, destroyed, or mutilated. As a consequence, the member concerned requests for the replacement of this certificate.

POLICIES:

1. Upon request of any affected member, his lost, destroyed, or mutilated membership certificate may be replaced subject to the payment of a minimal amount of two (P2.00) pesos to defray the cost of the certificate and administrative costs: provided, that an affidavit be executed by the member concerned stating among others that he is the owner of the lost membership certificate and despite diligent search, the same could not be found: in cases of mutilated or destroyed membership certificate, the mutilated part be surrendered to the cooperative.
2. This uniform terms and indemnity to the cooperative shall be implemented on all cases or requests and replacement of lost, destroyed and/or mutilated membership certificates.

IMPLEMENTATION: The General Manager is responsible in implementing this policy.

(SGD) JACK DULNUAN

APPROVED per Resolution No. 132 dated July 19, 1975.
