

SERVICE CREDIT

POLICY 3-12

PURPOSE : To establish guidelines on service credit.

INTRODUCTION:

In view of the cooperative's policy to grant cash equivalent of all unused vacation and sick leaves every 15th day of December, the Board sees the wisdom of granting service credits to employees who work during their rest periods.

The cooperative, through its Board of Directors, is aware of the provisions of the New Labor Code (PD442) defining the overtime work performed beyond eight (8) hours a day in all establishments.

The Board, knowledgeable of the sacrifices of the employees that have elevated the general status of the cooperative, hereby adopts the following policies:

1. Work during rest period must be justified and authorized by the Department Head concerned two (2) days before the scheduled day.
2. The TIME RECORD CARD of the employee must be punched IN and OUT and/or certified correct by the Department Head concerned.
3. The respective Department Heads must submit a written accomplishment report not later than two (2) days after the work shall have been accomplished and a list of employees who have earned service credits every 16th and end of the month.
4. Each employee is allowed a maximum of four (4) 8-hour service credits per month.

IMPLEMENTATION:

The General Manager shall be responsible for the implementation of this policy.
