

WORK ORDER PROCEDURES

POLICY 5-4

PURPOSE: To provide guidelines on Work-Order procedures.

POLICIES:

The following reports shall be the basis for work-order procedures, namely:

1. SUMMARY and DISTRIBUTION of TRANSFORMER COST to determine the monthly average gasoline consumption.
2. DAILY TIME REPORT of all employees to determine the direct labor to be distributed by hours to the various expense account and/or charged specific construction work-order in relation to the work performed.
3. MONTHLY EMPLOYEE TIME SUMMARY to provide a daily distribution to expense and work-order of hours worked.
4. MONTHLY LABOR COST SUMMARY to determine the work-order labor for construction work in progress-force account and retirement work order.
5. SUMMARY of OVERHEAD and DISTRIBUTION to WORK-ORDERS to provide a control of various overhead costs applicable to work orders.
6. SUMMARY of CONSTRUCTION WORK-ORDER to consolidate overall work-order costs which includes costs of materials, labor and overhead.
7. AS-BUILT STAKING SHEETS to be used for construction purposes including force account construction and to record plant extension and replacement by construction units.

IMPLEMENTATION:

The General Manager shall be responsible in implementing this policy/

APPROVED per Resolution No. 15-78 dated January 31, 1978.
